

Lewis App Solutions, A Division of Lewis Educational Consultants, Inc., provides mobile app services to schools, school districts and other educational organizations to enhance communication with students, parents and other key stakeholders by utilizing mobile technology. By providing the latest information at students' and parents' fingertips, our mobile apps make efficient communication with stakeholders a priority. Below, you will find a few of many features and benefits that make the implementation of mobile apps for your educational entity a priority to bring the school to the next level.

FEATURES

- Pop-up messages and alerts that appear on mobile phones and smart devices
- Parents/guardians can send absentee notes on-the-go, hassle-free
- Allow families to update contact information from their mobile device
- Locate school activities and events with Google Maps
- Integration of social media and on-line payment systems
- Secure and easy to access

BENEFITS (FOR SCHOOLS)

- Reduce financial and environmental cost of paper information from the school
- Notes are communicated securely by school staff to the parent/guardian via the mobile app, removing frustrations of not receiving information from schools
- Frees up time of school staff by reducing phone calls with repetitive and unnecessary questions

BENEFITS (FOR PARENTS)

- Provides updated information on events at the school
- Reduces paper and allows parents/guardians to fill out information on their mobile device
- Informs parents/guardians when events are cancelled, avoiding frustration

IMPORTANT NOTES

- All mobile apps will be available on iPhones and Android phones
- Apps will be designed from existing school websites with added features
- Processing time to have mobile apps available on the App Store (iPhones & iPads) and the Google Store (Android) is 3-4 weeks after signing of contract.

ABOUT LEWIS APP SOLUTIONS

Lewis App Solutions, A Division of Lewis Educational Consultants, Inc., was founded by Chance W. Lewis, Ph.D., Carol Grotnes Belk Distinguished Professor of Urban Education and Director of The Urban Education Collaborative at the University of North Carolina at Charlotte as an extension of his international reputation in making sure all schools reach their full potential. This initiative has shown to increase stakeholder involvement with educational organizations all around the country. For more information on Dr. Lewis and his work, visit his website at <http://www.chancewlewis.com> and to learn more about the mobile apps initiative, visit <http://www.lewisappsolutions.com>.
